Executive Physical Examination

The total duration for all courses ranges from 2 to 3 hours. No hospitalization is required.
If additional tests are necessary, they can be added to each package at half the regular price.

A Basic Health Check Package

The basic package includes comprehensive blood tests, urine tests, and stool tests.

B Health Examination Package based on the Japanese Occupational Safety and Health Act (Article 66)

B course covers all the requirements mandated by the Ministry of Health, Labor, and Welfare in Japan.

Course B-1 includes an abdominal ultrasound exam, which checks for diseases in the liver, gallbladder, pancreas, kidneys, and spleen.

Course B-2 includes a urea breath test that checks for *Helicobacter pylori*, a bacteria that causes stomach cancer. (If you regularly take stomach medication, you will need to stop taking it two weeks before the test, so please inform us when making your reservation.)

D Advanced Health Examination Package

Course D-1 includes tumor markers (screening blood tests for colon, liver, and prostate / ovarian cancers), tests for viral hepatitis and AIDS, and an abdominal ultrasound exam.

Course D-2 includes a breath test to check for *Helicobacter pylori*, the bacteria that causes stomach cancer. (If you regularly take stomach medication, you will need to stop taking it two weeks before the test, so please inform us when making your reservation.)

E Complete Health Examination Package

Course E is a full package that includes a *Helicobacter pylori* urea breath test, urine sediment test, lung function test, diabetes screening test (Hemoglobin A1C), and abdominal ultrasound exam. It is the closest to the health checkups (Ningen Dock) conducted in Japan.

(If you regularly take stomach medication, you will need to stop taking it two weeks before the test, so please inform us when making your reservation.)

W Women's Health Package

Package for the Early Detection of Gynecological Diseases including Breast Cancer, Cervical Cancer, Endometrial Cancer, and others. Please combine with the above health checkup package.
